## General

### THE TRUTH PROJECT

In a 2003 study, the Barna Research Group revealed a stunning statistic that continues to reverberate throughout the evangelical world — *only nine percent of professing Christians have a biblical worldview.* Because of this, today's believers live very similarly to non-believers. A personal sense of significance is rarely experienced, we spend our money and time on things that fail to satisfy, and we begin to wonder what life's ultimate purpose really is. We are, in short, losing our bearings as a people and a nation. To counter this downward slide within the body of Christ, Focus on the Family has launched one of the most ambitious and powerful projects in the history of our ministry — *Focus on the Family's The Truth Project*®. *The Truth Project* is a DVD-based small group curriculum comprised of 12 video lessons taught by Dr. Del Tackett, instructor of Christian Worldview at the Focus Leadership Institute and a former Senior Vice President of our ministry. This study is the starting point for looking at life from a biblical perspective. Each lesson discusses in great detail the relevance and importance of living the Christian worldview in daily life.

### WORD ALIVE:

#### The Life and Ministry of Jesus

Our continuing verse-by-verse study of the Bible picks up at five months left in Jesus' earthly ministry. We will revisit His death and resurrection, then watch as the church emerges from the Day of Pentecost. Meets every night that AWANA meets.

## Parenting

### GROWING KIDS GOD'S WAY

Growing Kids God's Way is a 17 week, comprehensive values-based parenting curriculum designed for parents of kids from three to seven. The message is clear, the information speaks to the heart and mind of the child, the lessons are practical and the results are compelling — morally responsible children with a healthy view of self and others. Topics include: How to help children internalize virtues and values and practically live out the character of God in their life. What parents do to foster insecure children and how they can fix the problems that might now exist. How to say "I love you" to your children and spouse in such a way that each member actually feels the full sensation of parental love. How fathers build or undermine their children's sense of trust and confidence in parental leadership and how to build family loyalty and identity. What is true character and how to teach children to love and prefer each other? Parents learn what true biblical discipline is about and how to achieve first-time obedience.

### James: Mercy Triumphs

Beth Moore's new 8-week Bible study. James, Jesus' own brother, started out as a skeptic. See how one glimpse of the resurrected Savior turned an unbeliever into a disciple. Bible scholars compare James to the prophet Amos. In other ways, James more closely resembles the Book of Proverbs than any other New Testament book. Topics in this study include: joy, hardship, faith, reversal of fortunes for rich and poor, wisdom, gifts from above, single-mindedness, the dangers of the tongue, humility, and prayer.
